

The Joint Planning Team/High Fidelity Wraparound

Northeast Counseling Services Luzerne and Wyoming Counties

Introduction to JPT

JPT is a youth guided and family driven planning process that follows a series of steps to help youth and their families realize hopes and dreams and allows more youth to grow up in their homes and communities. It allows the youth and family to identify their unique needs and develop an individualized plan guiding them to recovery.

Making a Referral

Any agency or family member that is looking to request services for a youth and family should fill out the Joint Planning Team referral form, which can be completed by computer or hand. The JPT has a caseload of 25 youth and families. There is no cost for families to be a member of the JPT. The JPT partners with other providers and is not a substitution for their services.
